SUMMARY

Highly skilled and motivated full stack Developer looking to join a Javascript based Software Engineering Team. Excited and passionate about working in a fast-paced, cutting-edge agile work environment that can fully utilize my experience working with React, Node.js, and Sql/NoSql in a cloud based environment like Amazon Web Services.

TECHNICAL SKILLS

Computer Science applied to JavaScript: Algorithms, Performance, Time Complexity, Big O Notation, Data Structures
Browser Based Technologies: HTML, CSS, JavaScript, jQuery, Bootstrap, Handlebars, React.js, React-DnD, Local Storage, Sessions
Deployment and Delivery: Heroku, Git, Git Pages, Shell Scripting, Unit Testing, esLint, Continuous Integration, AWS EC2, S3, Lambda
Server Side Development: Node.j, Express.js, User Authentication, Template Engines, MongoDb, React.js
API Design: Client-Server Model, API (REST), JSON, AJAX (fetch API), GraphQL, Apollo (NoSQL)
Databases: MySQL, MongoDb (with Mongoose), IndexedDB, JawsDB (SQL), Amazon DynamoDB, Amazon RDS

PROJECTS

Project: Indulge   **Position: Lead Developer**   **January 2023**
- AWS EC2 Architecture that's highly scalable and secure with MongoDB Database.
- Built and maintained efficient, reusable, and reliable React application with client-side state management and stripe integration to ensure best performance, quality and responsiveness of the application.

Github: https://github.com/frozzel/LUX   Deployment: https://indulge.herokuapp.com

Project: Tikkitt.   **Position: Project Manager-Lead Developer**   **November 2022**
- Collaborated with team in support of agile (SCRUM) development process.
- Identified and solved bugs and bottlenecks to ensure best possible development architecture, UI, and UX solutions using React Hooks, Express, MongoDb, SASS, and animate.css .

Github: https://github.com/frozzel/Tikkitt   Deployment: https://tikkitt.herokuapp.com

Project: FlyGuys.   **Position: Project Manager-Lead Developer**   **October 2022**
- Lead team in agile work environment that designed and tested (Jest) using best practices for code efficiency and software development.
- Demonstration of MySql relational database with JawsDb integration for Heroku Deployment.

Github: https://github.com/frozzel/Flyguys   Deployment: https://flyguys.herokuapp.com

EXPERIENCE

Company: MooCoo Group.   **Position: Sales & Management**   **January 2008 - July 2021**
- Increased annual revenue by 20% by leading in productivity initiatives and infrastructure enhancements that supported business systems.
- Led and managed a team of 25+ key sales members, including recruiting, hiring, and training on the sales process.
- Executed comprehensive digital marketing plans for more than 50 events over social media and advertising   **Atlanta, Georgia**

Company: Hampton & Hudson.   **Position: General Manager**   **January 2015 - December 2017**
- Implemented system integrations between POS, inventory and payroll systems that reduced administrative over head by 40%
- Negotiated new terms with office equipment, supplier, building contractors resulting in an annual savings of over $145,000
- Maintained responsibility for daily operations, loss prevention, & staffing of over 30 associates.   **Atlanta, Georgia**

EDUCATION

Georgia Institute of Technology   **September 2022 - December 2022**
Certificate in Full Stack Web Development: HTML5, CSS3, Javascript, jQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, and React.js., Big O Notation, Algorithms, Data Structures.

Salesforce Certifications
Salesforce Certified Administrator &   Nonprofit Cloud Consultant   November 2021
Certification Status: https://trailblazer.me/id/dhickox1
Amazon Cloud Practitioner Training   January 2023
